Wenona:

John as the Pebble Project manager sent out an email a month or two ago notifying folks of this meeting and soliciting input regarding who may be interested in participating. I think you should participate in whatever portions of the meeting that will help you understand the project and definitely you should listen in during the Subsistence and TK section. I would have liked to call in but I am pretty booked with trying to get the Red Dog draft SEIS out.

I think there is a Pebble team retreat scheduled for dec 8. (John - please verify). At the retreat John and others that are attending the meetings can let us know what they learned.

- Patty

Subject Fw: Pebble Project Baseline Env Team Agency Meetings -- Webinar Info

I just received this email about the Pebble Partnership Agency & Technical Working Group meeting this week. John/Patti/Tami - did you know about this meeting and are you planning to participate? I am already booked this morning, otherwise I would have liked to hear the Update. However I am available to listen to the presentations on Subsistence & Traditional Knowledge and Socioeconomics on Wednesday afternoon, if that is all right with the Pebble Team. Let me know what you think. Thanks -

Wenona Wilson
